

We are pleased to share another wonderful success story from Exceptional Living Center of Brazil!

Name: Kenneth Minor
Admitting Diagnosis: Left Knee Replacement

Admission Date: August 7, 2017
Discharge Date: August 14, 2017
Discharge Location: Home

Kenneth admitted to Exceptional Living Center of Brazil after undergoing a total knee replacement surgery. He still works full time and manages all yard work at his home. With skilled rehabilitative therapy, his goal was to restore strength and mobility so that he could return to work full time. He also benefited greatly from receiving assistance with activities of daily living while rehabilitating after his surgery.

"I couldn't have asked for better treatment than I got at Exceptional Living Center of Brazil. The therapy and nursing staff were wonderful. After discharging home, the home healthcare therapist said I was way ahead of the game into my recovery due to the fantastic therapy at Exceptional Living Center of Brazil," said Kenneth.
